## Residential Real Estate Info Pack

Creative Images is dedicated to providing you with high quality, cost effective virtual tours to meet all your online marketing needs.

## What We Do

Developing technologies are continuing to change the way we all live and work. Now more than ever, we are able to work and live more time efficiently than ever imagined. Online marketers are turning to Internet driven technologies to reach out to more potential buyers in less time and with minimal effort. The Internet is being used to find out about everything – including housing, travel, dining, recreation, and so much more.

Well-constructed, easily navigable, content-driven web sites provide users with the information they seek, create brand awareness and establish credibility. Now, with faster processors and higher bandwidths, Internet surfers are enjoying multimedia experiences including virtual tours, pictures, videos, and sound all helping to enhance the shopping experience.

The advent of virtual tours has allowed online marketers to implement highly effective pre-sales programs that are increasing sales capture rates and reducing sales cycles.

### The challenge for online marketers is finding an attractive, low cost virtual tour solution.

## The Facts

- As of August 2006, over half of American adult internet users (57%) have taken virtual tours of another location online. (2006 Pew Internet & American Life Study)
- On a typical day, more than six million people are taking virtual tours in cyberspace, up from roughly two million in 2004. (2006 Pew Internet & American Life Study)
- 79% of repeat buyers & 84% of first time buyers use the internet to search for a home. (2006 National Association of Realtors Survey)
- 54% of home buyers who are searching for their next home on Realtor.com will only look at homes with multiple images or a featured tour. (National Association of Realtors, January 2006)
- A compelling use of virtual tour technology will keep visitors on your site, and will also keep them coming back. When the time comes, and the prospective buyer is ready to initiate contact, your sales person and web site, that have been most successful in “branding” and “bonding” with the potential buyer, can be assured an opportunity.
- In cyberspace, a site with a virtual tour and interactive media will receive 38% more views than a competitor’s site that is lacking media. (2006 Pew Internet & American Life Study)
- 80% of consumers search for information online. That means at least 60% of your marketing dollars should be spent optimizing your company online.
- The daily cost for print advertising varies between \$66-\$150 per day and has a shelf life averaging around 30 days. Print advertising has limited market penetration based on your distribution and does not allow the consumer to interact or engage with the advertisement. While the cost of a virtual tour averages around 27 CENTS per day. With a shelf life of 365 days and WORLDWIDE penetration the cost to interact with your client is MUCH less.

# Virtual Tour Features

1. Custom banner for each realtor or owner.
2. Agent or Owner contact information
3. The Agent or Owner photo can be added to further customize and market each tour.
4. Instantly view more virtual tours by visiting the tour gallery.
5. Agent or Owner links to their E-mail and Web site.
6. Professionally voiced premium audio, with or without music, can be added to any virtual tour.
7. Video- The Video button allows you to add a video clip to your virtual tour for enhancing user experience with motion and sound.
8. Slide Show- This wonderful slideshow feature will showcase all of your snapshots within the virtual tour in a slide by slide presentation.
9. E-mail button allows viewers to E-mail a link of the tour to family and friends.
10. The Download button allows viewers to download the tour as a program file for quick and easy distribution by CD, or other types of media.
11. The favorite's button allows viewers to add this tour to the favorites section of their web browser.
12. Custom printable flyers and floor plans can be included with every tour, providing additional tour details.
13. Additional information about the city can be accessed on every tour.
14. Detailed information on public libraries as well as local and private schools is included with every tour.
15. Automatic maps of the location of each tour for the convenience of the tour viewer.
16. An overhead aerial and satellite view is placed on every tour.
17. Mortgage Info- The mortgage info button allows you to calculate estimated mortgage information. The button can be redirected to your preferred mortgage vendor's site as a lead generator.

31. Hit Counter- This secret button allows the Realtor or the home seller to check tour hit traffic at any time!

# Distribute Your Tour

Virtual tour syndication just makes sense. You know that when you generate more exposure for your listings, they are likely to sell quicker and at a higher dollar value. Who has the time to re-enter a single real estate listing into hundreds of syndication and distribution systems? Most people do not and that is why **Creative Images** has direct access to the PicturePath™ distribution portal through Realtor.com and Move.com (formerly Homestore Inc.) we are authorized to feed ANY real estate virtual tour with a valid MLS number to the websites listed below free of charge as long as the listing agent is a showcase member of Move.com/Realtor.com.

Move.com applies a charge for each real estate virtual tour sent from us to these sites if the Realtor is a non-showcase member. The fee is waived if the Realtor is a showcase member with Move.com. If you are not a showcase member and would like your virtual tour sent to [www.realtor.com](http://www.realtor.com) we apply a \$20.00 fee at the time of your tour order and your tour will instantly be sent to [www.realtor.com](http://www.realtor.com) and approximately 90 other websites upon upload!! Yes 90 other sites!!

**Exposure Engine:** What good is getting a virtual tour from anyone if it is not seen by the largest audience possible? A Big reason home sellers use a listing agent to sell their home is to get that maximum exposure only a listing agent can bring to the table.

Our virtual tour and listing exposure is so far ahead of our competition that you will be amazed at the traffic you're getting when your weekly hit reports come in. We even send hot leads your way as your listings generate questions and comments from interested parties!!

The Exposure Engine allows real estate agents and local business owners to do what they do best and that is list homes, sell homes, and conduct everyday business while not getting their hands dirty with the online promotion of their listings and products. That's where we come in.

The Exposure Engine creates many back links to the virtual tour. In the end, this means that our virtual tours start building natural rank on Realtor® name, and listing address. That's right...when you Google any of our customer names or the addresses of their listings, you are more than likely to see their virtual tours popping up organically in the search engine results pages.

Your listing & tour will appear on Craigslist, Googlebase, Trulia, Zillow, YouTube, AOL Video, FaceBook, Google Video, Oodle, Lycos, Local, Hot Pads, Vast, Properazzi, Dot Homes and more! Listings pushed to our exposure engine receive on average 40% MORE viewings than those that are not. We even keep your listing refreshed and updated until your listing is sold!

### Integrated Social Bookmarking:

Receive Maximum Exposure from your virtual tour by using our NEW BOOKMARKING TOOL! This new service is FREE with the purchase of every Creative Images virtual tour.

In just one click, your virtual tour can be submitted to popular social bookmarking and networking sites such as: Digg, Delicious, Furl, Facebook, FriendFeed, MySpace, BackFlip, LinkedIn, Reddit, Twitter, StumbleUpon, Technorati, Mixx and Bebo. Now you, your customers, and their friends can bookmark your virtual tours on these sites!! Start social bookmarking your tours today by clicking on the "Share Tour" tab on any of your virtual tours.

**PanoRiders:** Add a little "pizazz" or "bling" to a real estate sign with a head-turning PanoRider™. The concept is simple, but VERY effective. Each PanoRider™ advertises the single property website URL with a high quality panorama. The single property website for a virtual tour, on average, accounts for at least 45% of the hits. This tool is something every real estate agent should be implementing with their virtual tours, allowing them to turn street traffic into web traffic.

**Property Specific Websites:** Give your virtual tours a real presence on the web with an interactive site. These websites contain your full interactive virtual tour with enhanced listing features.

**Tour Discs:** Give your clients something they will remember. Tour Discs are a unique marketing tool that is the perfect upgrade to your **Creative Image** Virtual Tours! Available on CD or DVD, have **Creative Images** create a custom disc of your virtual tour with a slideshow for distribution. Tour Discs are great for sales centers, open houses, investor opportunities, and much more. Leave your customers remembering what you have to offer by handing them out as a keepsake for your client and even as a business card!

## Track Your Tour

**Virtual Tour Traffic Reporting:** Hit statistic reports show not only where virtual tour views are coming from but they also display which scenes from within the 360 tours are being viewed the most. The new hit reporting system also allows **Creative Images** to automatically send out weekly virtual tour reports to any email address! These weekly hit reports will keep everyone involved up to date and able to monitor where marketing dollars and efforts pay off the most. See your "Hit Stats" 24/7 by clicking on the RTV Logo at the bottom of your virtual tour!
